

Contributions of NCFP for the sufferer of flood

As this is the news of the world that Pakistan is in its historical crisis due to the destructions of flood, numbers of people are losing their lives, home, and business more over rest of them are suffering from different diseases e.g Gastro, due to unavailability of safe water, skin diseases due to unhygienic accommodation and poor hygiene eye infection due to environmental pollution as well as they are looking for food, clothes, beds to sleep because most of them are having snake bite.

To help our country fellows **NCFP** organized medical relief camp for those who are suffering due the destruction of flood with the coordination of New Life Health Care Society and K.K School of Nursing and send below mentioned staff members in different areas affected by flood.

We thank God that we were successful in above mentioned relief camp and now committee of NCFP has decided to arrange mobile dispensary with necessary equipments, medicine and other requirements for the sufferer of flood. Members of NCFP are trying their best to raise the funds because according to our estimate approximately US\$ 9000/- are required to meet the above expenses.

We request you too if you can help NCFP in any form you feel
